Oracle Certified Professional, Java SE 6 Programmer

October 29, 2013

Date

John L. Hall

Senior Vice President, Oracle Corporation

**CERTIFICATION PROGRAM****Examination Score Report****Ady Junior****Oracle Testing ID:** OC12979621Z0-851 Java Standard Edition 6 Programmer
Certified Professional**Exam Date:** 10/29/2013**Registration:** 262430233**Center ID:** 55991**Your
Score:** 93%**Passing
Score:** 61%**Result:** Pass

Feedback on your performance is printed below. The report lists the objectives for which you answered a question incorrectly.

- Develop code that implements tight encapsulation, loose coupling, and high cohesion in classes, and describe the benefits.
- Given a scenario, write code that makes appropriate use of object locking to protect static or instance variables from concurrent access problems.
- Given the fully-qualified name of a class that is deployed inside and/or outside a JAR file, construct the appropriate directory structure for that class. Given a code example and a classpath, determine whether the classpath will allow the code to compile successfully.
- Recognize the states in which a thread can exist, and identify ways in which a thread can transition from one state to another.

If this is the final exam in your certification path, you are required to complete the following steps to ensure delivery of your Certification Success Kit.

- Visit certification.oracle.com and select your certification path to confirm you are aware of all certification requirements.
 - Please note some Certification tracks require Oracle training and the submission of the Course Submission Form.
- Check certview.oracle.com to confirm that all completed components (exams and training as applicable) are in your profile correctly.
 - If training is required and is not in your profile, you need to submit the Course Submission Form providing evidence that you have completed the required training.
 - If completed exams are not in your profile, you may have completed the exams under different Oracle Testing IDs.
 - Contact www.pearsonvue.com/oracle/idmerge to merge multiple IDs under one Oracle Testing ID. You will identify which Oracle Testing ID will be the surviving ID.
- Go to pearsonvue.com/oracle, select My Account, log in and select "Personal Info" to confirm that your address is correct
 - The address that is on file in Pearson VUE profile must be your CURRENT personal or business mailing address; Oracle does not ship to third party training organizations.
